**GER 201** is a four-credit intermediate level class. The class is conducted in German and targeted to students who have reached the novice high to intermediate low level of proficiency in German.

In **GER 201**, students review grammatical concepts they are already familiar with from earlier German classes and improve and refine their abilities to speak, write, and understand German. The goal of **GER 201** is to bridge the gap between beginners' classes and more advanced studies in the language and culture of the German speaking countries.

In addition to work in the textbook, students engage in a variety of activities and projects working with authentic material, such as literary texts; newspaper articles; Internet resources and exercises; songs; films; and excerpts of TV and radio shows. The material allows students to increase their language proficiency as well as broaden their cultural knowledge.

By the end of **GER 201**, students will be able to use the language independently. They will understand the main ideas of a complex text, interact with a degree of fluency and spontaneity, produce clear, detailed text on a wide range of subjects, and explain a viewpoint on a topical issue.
