Parental/Student Permission for Turnitin Use by SUPA Instructors

In order to comply with FERPA and other legal requirements, SUPA instructors who intend to use the software program Turnitin for detection of potential plagiarism in SUPA classes need to first inform Project Advance Director Christina Parish of their plans and receive written consent from parents or guardians of students under age 18 and from students age 18 and above.

Name of School: _____

Semester: (circle one) Fall/ Spring/ Full Year Year: _____

Course Name and Reference #:_____

Instructor name:_____

The consent form below should be used for students under age 18:

By signing below, I give permission for the submission of all work my child

_____ turns in for _____

(Child's full name) (SU course name)

to the plagiarism detection and prevention system Turnitin, which compares submitted documents against documents on the Internet and against student papers submitted to Turnitin at SU and at other colleges and universities. I understand that all assignments submitted for this class will become part of the Turnitin.com reference database solely for the purpose of detecting plagiarism of such papers.

_____ _____ _____
